EXPERIENCE

Adobe Inc.

Software Development Engineer 3

San Jose, CA, February 2020—Current

- Led team in a cloud syncing initiative. This project required working with numerous teams and learning a myriad of new technologies

Software Development Engineer 2

San Jose, CA, August 2018—Current

- Photoshop Team engineer, developing new features for the desktop application (in C++ for Mac and Windows operating systems).
- Successfully tracked and fixed two, 8-month-old bugs that were preventing new features from being released
- Key team member in migrating presets to the new structure with folder organization and other asset optimizations

Pegasystems

System Architect

Cambridge, MA, June 2018—July 2018

- Developing high quality deliverables across all project phases in the Pega 7 Platform (w/development in JavaScript, JQuery, HTML)
- Developed the mobile application for the 2020 U.S. Census Enumerator survey as a part of an omni-channel solution

Associate System Architect

Cambridge, MA, April 2017—June 2018

- Junior developer, passed senior certification within two months of onboarding

Tufts University

Undergraduate Teaching Assistant/Lab Leader

Medford, MA — Fall 2015—Spring 2016

- TA for “Introduction to Computer Science” (conducted in C++)
- Taught lab sections/office hours/supplementary workshops and graded homework assignments

SKILLS

Technical: C++, JavaScript, Python, HTML, CSS, git, Github, Certified Scrum Master

EDUCATION

Tufts University
